

NEW COVERAGE

Your renewal policy is enclosed and a new coverage has been added. UNDERGROUND SERVICE LINE COVERAGE provides coverage for underground pipes, wires and underground connections that convey a utility service such as water, sewage (not including Septic tanks or Leech fields), electricity, for which you are responsible.

Underground Service Line Coverage also pays for the excavation required to access the damaged line as well as outdoor property that may be damaged during excavation and repair.

For a small annual premium, you receive up to \$10,000 in coverage with a \$500 deductible. You do have the option to remove the coverage if you so choose. Please contact your agent for a full explanation of this important coverage.

Thank you for insuring with North Star Mutual!

CF-2166 (Ed. 4-17)
