INTRODUCTION

Many people have Inland Marine exposures that are often overlooked. North Star Mutual prides itself on the wide range of Inland Marine coverages that we offer. When we have good supporting coverage, such as a Homeowners, Farm or Commercial policy, we will make every effort to try and handle your insured’s Inland Marine exposures.

We have designed this Inland Marine section to give you the greatest amount of information possible on the most common classes of Inland Marine business with regard to rates, rules, and coverages. However, there are times when Inland Marine coverage is desired on items that are not listed in this Inland Marine section. When this situation arises, please contact us at the Home Office for eligibility and rates.

North Star Mutual uses forms and rates filed by the American Association of Insurance Services. However, many Inland Marine Classes are not filed and do not have standard rates. The rates we will use on unusual risks or non-filed lines will be based on the exposure, value, deductible and coverage desired on the particular risk.

Most Inland Marine coverages can be endorsed to policies such as Homeowners, Mobile Homeowners, CDO’s, Farm and Commercial policies. Agents are urged to endorse Inland Marine coverages to an existing policy where at all possible.

WHOLE DOLLAR PREMIUM RULE

The premium for each “exposure” (each premium shown separately on the policy or endorsement) shall be rounded to the nearest whole dollar for each coverage. A premium of $0.50 or more shall be rounded to the next higher whole dollar. This procedure also applies to all interim premium adjustments.

APPRAISALS

Where appraisals are required or suggested, it is important that a reputable firm or individual who is knowledgeable in that particular field be contacted to make such a valuation on property to be insured. The insured is responsible for any fees which are charged for the appraisal. When a particular form requires an appraisal, the appraisal must be attached to the application.

VALUATION

Inland Marine coverage is written on an Actual Cash Value basis and all items should be insured at full Actual Cash Value. Non-Depreciation of Repairs is available as an option for Recreational Motor Vehicles and Watercraft. Replacement Cost Coverage is also available as an option for certain classes of Inland Marine. Refer to Home Office Inland Marine Underwriting for acceptability, rating and valuation if Replacement Cost coverage is desired.

GENERAL UNDERWRITING RULES

1. A signed application must be submitted for every risk with all underwriting questions answered.
2. A complete description of the property to be insured must be attached to the application.
3. Because many of the forms have very broad coverage, the agent is asked to guard against the moral hazard on every application submitted.
4. Where necessary or suggested, an appraisal by a qualified party should be made. This protects the insured by his/her having the proper insurance amount and it provides the company with a detailed description and valuation of the property.
5. All items should be insured at full actual cash value. Many forms have a co-insurance clause which could penalize the insured in the event of a loss.
6. Where deductibles are available, the agent should suggest that the applicant make use of them.
7. We must have or pick up good supporting coverage within 1 year on most Inland Marine categories. By supporting coverage we mean the insured’s home, farm or business.
**ANTIQUES - IM-901**

Coverage: “Special Form” subject to certain exclusions.

Rate: $1.00 per $100.00 of coverage

Deductible: $50.00

Minimum Written Premium: Separate Policy: $75.00
Endorsement to Policy: $20.00

Underwriting:
1. All items must be scheduled and specifically described.
2. An appraisal or recent sales slip is required for items valued at $1,500.00 or more.
3. Do not bind if total schedule exceeds $10,000.00. Submit for prior approval.
4. Antique dealers are not acceptable.
5. For Antique Furniture in use - apply 75% of the Antiques rate.
6. Written only with good supporting coverage.

**BAILEES CUSTOMERS**

Purpose: To insure property of others in the care, custody and control of the insured on the described premises. Prospects usually include dry cleaners, laundries, cold storage locker plants, shoe repair, taxidermists and many other repair or service businesses.

Coverage: Fire; lightning; explosion; collision, derailment, or overturn of a transporting land vehicle; theft; windstorm; hail; aircraft; vehicle damage; and other perils.

Rates:
- **Dry Cleaners and Launderers - NS-443** - use 100% coinsurance fire and extended coverage rates for contents, plus a $0.50 loading per $100.00.
- **Cold Storage Locker Plants - NS-445** - use 100% coinsurance fire and extended coverage rates for contents, plus a $0.20 loading per $100.00. Multiply this rate by the amount of insurance per locker times the number of lockers.
- **Miscellaneous Bailee Form - NS-439** - use 100% coinsurance fire and extended coverage rates for contents, plus a $0.40 loading per $100.

Deductible: $100.00

Minimum Written Premium: Separate Policy: $100.00
Endorsement to Policy: $20.00

Underwriting:
1. Only written on a non-reporting basis.
2. Front and rear doors should have deadlocks, either single or double cylinder. Rear doors would not have to have a deadlock if they have a bar across the inside or a sliding bolt that cannot be moved except from the inside. Rear windows should have bars across the inside.
3. Where values are high, some form of burglary protection may be required.
4. For additional coverages and specific information on coverages refer to the Home Office.
5. Written only with good supporting coverage.
